

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claims 1-7 (canceled)

Claim 8 (new): A process for the automatic adaptation of the data to be transferred from a data-preparing device to a data-requesting device to the capabilities of the data-requesting device, in which the data-preparing device receives information data about the capabilities of the data-requesting device, and the information data contain statements in regard to the display format usable by the display of the data-requesting device, and the data to be transferred are transmitted in correspondence to the pre-determined capabilities of the data-requesting device, wherein a list of usable display formats is transmitted to the data-preparing device, and the data-preparing device, then, according to availability, selects the best-suited display format.

Claim 9 (new): Process according to claim 8, wherein the information data are transmitted from the data-requesting device to the data-preparing device.

Claim 10 (new): Process according to claim 8, wherein the information data are transmitted to the data-preparing device over a device engaged between the data-requesting device and the data-preparing device.

Claim 11 (new): Process according to claim 8, wherein the requested data are stored in a central data bank of the data-preparing device and, on call, are formatted by a formatting device into the pre-determined data format and transmitted to the data-requesting device.

Claim 12 (new): Process according to claim 9, wherein the information data are transmitted to the data-preparing device over a device engaged between the data-requesting device and the data-preparing device.

Application Serial No. 10/048,114
Amendment dated September 23, 2004
Reply to Office Actions dated February 11 and September 2, 2004

Claim 13 (new): Process according to claim 9, wherein the requested data are stored in a central data bank of the data-preparing device and, on call, are formatted by a formatting device into the predetermined data format and transmitted to the data-requesting device.

Claim 14 (new): Process according to claim 10, wherein the requested data are stored in a central data bank of the data-preparing device and, on call, are formatted by a formatting device into the predetermined data format and transmitted to the data-requesting device.
